

CE CERTIFIED PRODUCT RANGE

The Diacclone range of Immunology Products includes over 40 CE marked products for use in *In-Vitro* Diagnostic (IVD) testing. This marking guarantees a level of quality, safety and performance as defined by the *In-Vitro* Diagnostics Medical Device Directive (98/79/EC), helping to ensure product reliability and reproducibility.

CE marked products are available for **IVD use in the EU only**. For all other regions these products are for research use only.
